Fu Manchu

Advisory - the following lyrics contain explicit language:

The almighty hand in sight
Been shown it from time to time
And life exists for the chosen few
They return showing what to doInvisible to the human eye
Follows the pattern every time
Social science it moves on sight
One step ahead as it passes byYour closing in never knowing the truth
Search light blinds now what do we do?
Angel hair fell made the news
The ends in sight they never knew
