F.O.H.

Infant Sorrow

As soon as I wake up in the morning
I count the hours until we meet
When I'm with you it's so amazing
I never knew love could taste so sweet

Yeah, your all I need
Yeah, your all I want
I can't beat this feeling
Let's get it on

'Coz we're flying higher than the mountains
Higher than I have ever been
You've got me feeling like a hero
F***in' on heroin

Everyone tells me it's wrong
So why does it feel so doggone right
Gotta stay clean in the daytime
Mmmm but baby just wait until tonight

Yeah, your all I need
Yeah, your all I want
I can't beat this feeling
Let's get it on

'Coz we're flying higher than the mountains
Higher than I have ever been
You've got me feeling like a hero
When I'm f***in' on heroin

(Heroin) F***in' on heroin
(Heroin) F***in' on heroin
(Heroin) Yeah, we're f***in' on heroin

Tonight
Tonight
Yeah

We're flying higher than the mountains
Higher than I have ever been

And you've got me feeling like a hero
When I'm f***in' on heroin

F***in' on heroin
On heroin
