# Pray (reNRGized)

## PureNRG

Overwhelmed and uninspired
From this communication breakdown
I'm in an ocean trying to
Stop a fire from burning outI know what I've got to do
Take me time and talk to youOn my knees flying
Thought the blue sky
Miles away
I see clearly
Every single time
I close my eyes and
PrayI need a constant conversation
A heart to heart long distance call
So when I start
To feel the separation
I will fallOn my knees flying
Through the blue sky
Miles away
I see clearly
Every single time
I close my eyes and
PrayAll my worries disappear
When I'm standing hereOn My knees flying
Through the blue sky
I'm here to stayOn my knees flying
Through the blue sky
Miles away
I see clearly
Every single time
I close my eyes and
PrayI close my eyes and pray
On my knees
I'm flying through the blue skyI need a constant conversation
A heart to heart long distance call
