

Seasick In Town

Spark Gap

(Hey) this (Today) is like suicide,
Iâ€™ll live in the wide.
(My tie!) is a slipknot Iâ€™ll die anyway.
(Run) fast (Now) now, over the lie, agree or die.
(This ends today) Iâ€™m gonna burn this all away.

I feel so queasy, itâ€™s breathtaking me,
How could this be?
Mischief is oozing from this city,
It wonâ€™t take the best slice out of me.

I'll burn it all with kerosene
I'll throw down a match,
At least serene, stared at the scene.
I got skies on fire (and tales to tell).

I feel so queasy, itâ€™s breathtaking me
How could this be?
Mischief is oozing from this city
It wonâ€™t take the best slice out of me ,
(Oh)

I feel so queasy, itâ€™s breathtaking me,
How could this be?
Mischief is oozing, (Melt, melt, melt it, melt) from this city baby,
It wonâ€™t take the best slice out of me.
