

Programmable Soda

[Tori Amos](#)

Think of me as programmable soda
Too much cherry
Baby then you can just add colaThink of me as programmable soda
'Cause you can, can be a cruel fella
So okay, then I just bag off the vanillaThink of me as programmable soda
'Cause I've come, I've come to accept that
For lovelies you are a fanatic
But I can't, I can't let that throw me into a genital panicThink of me as programmable soda
Too much cherry
Baby then you can just add cola
