Body Heat

Blue System

Well, I guess I can give you one more chance
Well, well, well, well, well
I guess I can give you one more chanceFeel my body heat
Come on feel my love
Baby, what you need
Is baby what you getFeel my body heat
I hear your laughter
Come on hear the beat
Oh, I can drive you madYou, you, you
Don't look back, babe, come to me
I'm a dreamer can't you see
Never give you up in the night of the cityYou, you, you
Heaven knows where your heaven is
You're the first, baby on my list
I'll never give you up, never give you up
Come on, try my heart, love will lift you upFeel my body heat
Come on feel my love
Baby, what you need
Is baby what you getFeel my body heat
I hear your laughter
Come on hear the beat
Oh, I can drive you madFeel my body heat
I hear your laughter
Come on hear the beat
Oh, I can drive you madWell, well, well, well, well
I guess I can give you one more chance
One more chanceYou, you, you
Let it out, let it all hang out
Cry for love, babe shout it loud
I'll never give you up in the night of the cityYou, you, you
Used to drag my heart around
I'm a man, I'm not your clown
I'll never give you up, never give you up
Come on try my heart, never give you upFeel my body heat
Come on feel my love
Baby, what you need
Is baby what you getFeel my body heat
I hear your laughter
Come on hear the beat

Oh, I can drive you madFeel my body heat
Come on feel my love
Baby, what you need
Is baby what you getFeel my body heat
I hear your laughter
Come on hear the beat
Oh, I can drive you madFeel my body heat
