## Watcher In The sky

## **Iron Savior**

I'm watching the mountains
I'm watching the sea
observing the creatures

I am lost - set me free! Across the heavens I made my way

I' ve seen empires rise and blown away

I have arrived my destiny

but after all there's just emptiness in meOut in the darkness - I am going mad Where are the others - there's silence in my head'Cause I'm a watcher in the sky

I've seen universes die

Out in the cold my systems overload

I'm here and lost in time

Watcher in the sky - skyI am trapped in this nightmare

endless tortures and pain

milleniums have gone by

Uhhh. it drives me insane! Who am I now?

I'm not a man - I'm not machine

I gave my life for it for the Iron Savior dream

'Cause I'm a watcher in the sky...Hooked - hooked to the circuts

of a lifeless, cold machine

Lost in a world of artificial means

Ripped - ripped out of my body

I'll stand the test of time

Am I perpetual - Am I devine?I'm the watcher in the sky

My soul has drowned

in the tears I cannot cry

I'm the watcher the chosen one

but I am lost in time

I'm the watcher in the sky

I've seen the years gone by

I am the choosen one

out in the cold my systems overload

I'm here and lost in time

Watcher in the sky - sky

watching the mountains

watching the sea

watching the creatures

You'll never be free

Watcher in the sky - sky
