

# 1st Date

## G.O.A.T. and Your M.O.M.

U know I liked it when she called me papa  
I said that's my baby girl  
U know I missed that one for a little while  
Cuz she had the tightest holes  
U know I ate that bitches pussy  
Like it was going out of style  
U know she fucked and sucked me all night long  
And at one point she got defiled...

Cuz she got fucked in the ass on the 1st date  
Now that's what I think about when I masturbate  
She got fucked in the ass on the 1st date  
Cuz I went for that shit, Right out of the gate

Well I was fucking that little twat of her's  
When I put a finger in her ass  
U know she asked me what I was doing  
And I tried not to go too fast  
U know I didn't say a damn thing  
I just put my finger further in  
And then I went and put in another  
To see if she was ready to SIN

And she got fucked in the ass on the 1st date  
Now that's what I think about when I masturbate  
She got fucked in the ass on the 1st date  
Cuz I went for that shit right outta the gate

When I went to put my dick in her butt  
She asked if I could use a little more lube  
U know she told me she had never done that b4  
And I couldn't help but drool  
U know I came and came again and again  
When it was over I came six times  
Well that's more than i've had in all of my life  
Made me feel like I was in my prime

Cuz she got fucked in the ass on the 1st date  
Now that's what I think about when I masturbate  
She got fucked in the ass on the 1st date

Cuz I went for that shit, Right out of the gate

U know she told me when it was over

She'd never felt like that before

U know she told me she came so many goddamn times

I made her feel like a little girl

But the next time I went to fuck her

I tried to put it in her butt again

And now that fucking bitch won't even talk to me

She don't even wanna be friends

Cuz she got fucked in the ass on the 1st date

Now that's what I think about when I masturbate

She got fucked in the ass on the 1st date

Cuz I went for that shit, Right out of the gate
