

# Ride Ramona

## Ass Ponys

Escalator, moving stairs  
Blue and white rail, it disappears  
It disappears, it disappears  
Blue and white rail, oh, it disappears Suck you under and eat you up  
At the end girl, you better jump  
You better jump, you better jump  
At the end girl, oh, you had better jump Daddy's waiting and mama too  
Now ramona they wait for you  
They wait for you, they wait for you  
Now ramona, oh, they wait for you But you'll remember, you always will  
So ride ramona til you've had your fill  
You've had your fill, you've had your fill  
Ride ramona ride, until you've had your fill
