

Little House of Savages (Live Version)

The Walkmen

Somebodys waiting for me at home
Somebodys waiting for me at home
I shouldve known
I shouldve knownAnd somebodys got a car outside
somebodys got a car outside
Lets take a ride
Lets take a rideSomebodys waiting for me at home
Somebodys waiting for me at home
I shouldve known
I shouldve knownAnd somebodys got a car outside
somebodys got a car outside
Lets take a rideI know that its late
But I dont want to go
Somebodys waiting for me at home
I should have known
I should have knownCause you can run and have your fun
But dont come around
When she is so awake
Better go run ohhAs you can tell I am the parlor
thats open tonight
Come on in I gotcha tonight
I shouldve chose
I shouldve choseCause you can run
And have your fun
But dont come around
When she gets home
