Warning sign

Scars on 45

Just another warning sign that failed to show.
Looking for reason why, I knew we'd never know.
And every time it leads us here, we're high and dry.
Show me these years of hope won't die.I never knew a warning sign could hide and fade.
Looking for a new road out and I've got a life to save.
But now I don't feel you here by my side.
Show me these years of hope won't die.I will rescue you, if you rescue me.
There's a hole inside that they never see.
I will stand by you and every soul knows why,
The will be holding a warning sign.
I will rescue you, if you rescue me.
There's a hole inside that they never see.
I won't hold you back.
We don't feel that.Looking for a warning sign to break our fall.
When everything seemed so right surprise surprise you never called.
But now we don't need you here, you're high and dry.
Show me these years of hope won't die.I will rescue you, if you rescue me.
There's a hole inside that they never see.
I will stand by you and every soul knows why,
They will be holding a warning sign.
I will rescue you, if you rescue me.
There's a hole inside that they never see.
I won't hold you back.
We don't feel that.(Warning sign breaks this feeling.)I will rescue you, if you rescue me.
There's a hole inside that they never see.
I will stand by you and every soul knows why,
They will be holding a warning sign.
I will rescue you, if you rescue me.
There's a hole inside that they never see.
I won't hold you back.
