Masquerade

Scala & Kolacny Brothers

Don't be fooled
By our looksWe are no angels
With pretty facesOh noWe sit in darkness
But we are watching
All of youMasquerade of foolsWe've all got secrets
We want to keep them
From youYou can't come with us
Beneath the surfaceOh noMasquerade (2x)
Of fools (3x)The ball commences
You feel defenseless
Don't you?We dance in circles
We dance with fervor
For youYou try to catch us
To take us hostage
But we will always disappear before your eyesWe all are prisoners
Of smoke and mirrors
And after dark we float away into the nightMasquerade (2x)
Of fools (3x)
