Contact

The Police

I've got a lump in my throat about the note you wrote
I'd come on over but I haven't got a raincoatHave we got contact
You and me?
Have we got touchdown
Can we be?I've got contacts in my book and in my eyes
My good connection on the telephone never liesHave we got contact
You and me?
Have we got touchdown
Can we be?I've got a list of the people I have known
I'm never alone on the end of a phoneHave we got contact
You and me?
Have we got touchdown
Can we be?I've got a lump in my throat about the note you wrote
I'd come on over but I haven't got a raincoat
I'd come on over but I haven't got a raincoatHave we got touchdown
Can we be?
Have we got contact
You and me?
Have we got touchdown
Can we be?
Have we got contact
You and me?
Have we got touchdown
Can we be?
Have we got contact
You and me?
