

Show Me Love 2K12

Sean Finn

Ohhh yeah yeah yeah
You got to show me love
heart break prophecies
I've had more than my chance
I'm tired of givin my love
and can't take nowhere, nowhere
what I need is somebody who really cares

I really need a lover,
a lover that wants to be there
it feel so lone
since I touched the..hand
I can't put my love on the lie
that I'll hope you'll understand
so baby if you want me
you got to show me love
words are so easy to say
you got to show me love

love, love love love love
love, love love love
love love love love love love
You got to show me love
love, love love love
