Kids Wanna Rock

Nicotine

Turned on the radio, sounded like a disco
Must've turned the dial for a couple of miles
But I couldn't find no rock 'n' roll
This computerized crap ain't gettin' me off
Everywhere I go the kids wanna rockLondon to L.A., talkin' 'bout the new wave
For a couple of bucks you get a weird haircut
And waste your life away
Around the world, around the block
Everywhere I go the kids wanna rockGet me my DJ
I got somethin' he's gotta play
Wanna hear it, I can't wait
So turn it up, so turn it up, yeahKick down the barricades, listen what the kids say
From time to time people change their minds
But the music is here to stay
I've seen it all from the bottom to the top
Everywhere I go the kids wanna rock
