

It's About That Walk

Prince

Mmm, mmm, ooh, wee
Fellas would you look at that thing
Have you ever? You just got back from Paris
You probably went to buy some clothes
You're on your way to Nell's in New York
Gonna meet who, Heaven knows But it ain't about where you're comin'
Ain't about where you go
It ain't about who you've been with
'Cuz it ain't about who you know It's about that walk
Can we talk about it?
It's about that walk
I wanna shout about it, ooh, wee Aah, your ass like a fine cut diamond
Mounted on to legs of stone
The prison I could do some timin'
If I ever got that ass alone But for now I'll just keep my shirt on
'Cuz I ain't about losin' cool
'Cuz it ain't about losin' sleep, for that matter
Ain't about nothin' that I do It's about that walk
I wanna talk about it
It's about that walk
I wanna shout about it, ooh, wee Oh, yeah, baby, ain't anything else
Gonna do that work, shake it, ooh Mmm, mmm, mmm
Fellas have you ever? It ain't about where you're comin'
It ain't about where you go
It ain't about who you've been with
'Cuz how 'bout who you know It's about that walk, yeah
I wanna talk about it
Baby, baby, baby, about the walk
Ooh, shout about it, shout about it, ooh, wee Oh, Lord, Lord
Girl, you know you got the walk
Girl, you know I got the talk
Run Lord, I mercy Eyh, keep playing, unh, Vegas wanna see
Ooh, aah, [incomprehensible]
Remember 'bout that ending?
On the one, unh
