Yo Baby

Spin Doctors

Well you think there's a problem with your sink
But your baby been lookin' in the pink
I said your drain been clogged for quite a while
But there's something new in your baby's smileI said piss and moan you know it's a bummer
Yo baby's been sleepin with your plumber
Na na na na na.....Yeah, you bought a new truck and it goes real fast
Said your baby brought it in for a little bit of new crank shaft
She's been taking it back now every week
She like to hear your shock absorbers moan and squeakI said everybody's laughing, they think it's a panic
Yo baby's been sleepin with your mechanic
Na na na na naYou took her to a club she said she's never been to
'cause you thought it might be a nice thing to do
But you saw she was up to the same old game -
When the whole band knew her first, last, and middle nameI said you're pissed off 'cause you didn't see
Yo baby slept with everybody including me
Na na na na na....
