

Peephole

System Of A Down

When your stars are baked
And your rivers fly
Do you ever believe you were stuck out in the
Sky? When your castle breaks
And your feet are dry
Do you ever believe you were stuck out in the
Sky? Do you believe, when you're high
That your life is tried? Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't ever get stuck in the sky
When you're high When your moon is fake
And your mermaids cry
Do you ever believe you were stuck out in the
Sky? When your tunnel fades
And your guide is shy
Do you ever believe you were stuck out in the
Sky? Do you believe, when you're high
That your life is tried? Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't ever get stuck in the sky
When you're high Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't ever get stuck in the sky
When you're high Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't you ever get stuck in the sky Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't ever get stuck in the sky
When you're high
