

Feel Your Body (Dutch Mix)

Michael Mind Project

What about all the memories in our minds
About the days when we stuck together
What about all the moments left behind
When before let's go everywhere there I can feel your body
I can bring your soul
Baby I want you to love me
Like you did before
I let myself go This is the sex always
All the girls sexy say yes
Just right here sex or sex
Sunshine on the sexy back Right here right there
Party open here
Right here right there
Party open there I let myself ..
Go go go ohohoh (x4) This is the sex always
All the girls sexy say yes
Just right here sex or sex
Sunshine on the sexy back Right here right there
Party open here
Right here right there
Party open here What about all the memories in our minds
About the days when we stuck together
What about all the moments left behind
When before let's go everywhere there I can feel your body
I can bring your soul
Baby I want you to love me
Like you did before
I let myself go This is the sex always
All the girls sexy say yes
Just right here sex or sex
Sunshine on the sexy back Right here right there
Party open here
Right here right there
Party open here I let myself ..
Go go go ohohoh (x4) I let myself go
