

# Deliver

## Junior Gee

Yeah, to all the real hardcore motherfuckers  
Soft motherfuckers with the bitches  
That don't give a fuck Now who wanna diss to get they reps a little bigger?  
How many bitches wanna fuck this yellow nigga?  
You get your whole crew cut like a scissor  
Watch this world shake from the album I deliver I threw a Brownstone at Brandy now she's Changing Faces  
Standing in my Aaron Hall I'm Blackstreet packin' suitcases  
Goin' back to Indiana, on the subway, Soul For Real  
Miss Jones is my usher in church on Sundays Clear the runways, 'cause I'ma make you rappers my examples  
Avoiding battling me like I'm Eazy-E's blood samples  
It's me and Carey, nah never wrote no rhyme that's ordinary  
Won't throw my life away on Coke like Darryl Strawberry Removing you skeletal system playing your ribs like  
xylophones  
I'm nastier, leave you scraped and ashier than Larry Holmes  
But ladies I ain't always violent  
You could pump, pump until the dawn, like Adina Howard Can't you see, I'm notorious as Total get  
Uptown Girls in bed, like Billy Joel do  
Laverne and Shirle  
Give us any room we'll break it Remember you was wack, remember Ice Cube had a Jheri curl  
Bam! Dead on your car horn, chump  
My beat get messy as abortion on the ninth month  
Now who be that, slap, did I do that? Now Whoopi Goldberg goes Steve Urkel  
But I'll leave your grill the color purple  
Give you a Dogg Pound, could even Dru Down  
Provoke me album is weak your whole shit sound like karaoke Conversation, loss of limbs amputation  
Head meaning decapitation rough like Craig Mack derm abrasion  
Evil tendency, strong like Miles Davis heroin dependency  
Fuckin' up lives like teenage pregnancy Now who wanna diss to get they reps a little bigger?  
How many bitches wanna fuck this yellow nigga?  
You get your whole crew cut like a scissor  
Watch this world shake from the album I deliver Them clowns like Will Smith got fast cars and fancy homes  
But I'm headstrong, I could even break Puffy Combs  
Some kids still doubtin' and they girlfriend stalkin' keep it real  
We'll cross that bridge when we come to that Anita Hill Now Everlast, will never last, with no ghetto pass  
Leave you breathin' hard like bitches at Lamaze class  
Niggaz are slippin' when they sippin' gin and tonic  
Smokin' chronic Jersey niggaz packin' more handguns than Harry Connick My style is welfare, half of you  
bitches is on it  
Was born with a halo, when broke, I had to pawn it

I stir up controversy and sell I'm like Sister Souljah  
So bring out bum-ass, Russell Simmons 'cuz comedy's overThe Lucci I'm worth is enough to deficit a nation  
With media coverage like a hostage situation  
(Yeah and if you lovin' them hoes you better bounce back)  
Tryin to make that bitch your wife she fuckedThe whole New Jersey Drive  
(Soundtrack)  
High like Stone Temple Pilots, Pearl Jams on tour  
I rips it like a chainsaw, dig deep as truth go ahead  
And shoot your Karl Kani suit in shock absorbing tired andI'm wide like a police informant  
Pray with one eye open, shootin' more Led than Zeppelin  
Dysfunctional like the Jackson's, death is my obsession  
You comin' through with thirty cowards think you causin fearRush lookin' bust in your boosted Donna Karen  
gear  
Now fuck the po, po, beats down the five-oh  
Been there, done that, do it again tomorrow nigga  
Sometimes I vibe inside a spot where nobody else knows me  
Until I come hot steppin' like Ini KamozeNow who wanna diss to get they reps a little bigger?  
How many bitches wanna fuck this yellow nigga?  
You get your whole crew cut like a scissor  
Watch this world shake from the album I deliver
