

At Night

Example

Listen to what your eyes are saying
You've heard it all before
Don't look up the skies are fading
The answer on the floor
You don't need to read the papers
I've thrown 'em all away
Cos' yesterday you said you hate us
We only need today
And tomorrow
And tomorrow
We only need today
We only need today
And tomorrow I wanna be inside your mind
So I know where you go to at night I wanna see inside your mind
So I can be all the things that you like You liked me so much better last year
You liked me so much better last year
You liked me so much better last year
Then you reappear You reappear Listen to what your eyes are saying
You've heard it all before
Don't look up the skies are fading
The answer on the floor
You don't need to read the papers
I've thrown 'em all away
Cos' yesterday you said you hate us
We only need today
And tomorrow
And tomorrow
We only need today
We only need today
And tomorrow I wanna be inside your mind
So I know where you go to at night I wanna see your goals in life
So I can be all the things that you like You like
You like
You like I wanna leave my past behind
Set my garden on fire
I wanna see inside your mind
So I can be all the things that you like
You like
You like All the things that you like

All the things that you like
All the things that you like
