

Pull Me Through

[Tyrone Wells](#)

Everything that could go wrong has gone wrong
Everything that should go right has gone wrong too
Everything steady has now been shaken Now there is nothing for me to cling to
Now there is nothing left in me to lose
Now I am ready to see You waiting with open arms So would You carry me
'Cause I am at the end of myself and all I have is You
So would You carry me
'Cause only You can pull me through I know You're stronger than my struggle
I know You're greater than my greatest need
If You are ready and You are waiting with open arms Then would You carry me
'Cause I am at the end of myself and all I have is You
So would You carry me
'Cause only You can pull me through, pull me through Why do I wait so long
Through so many wrongs to face the truth?
I can't fix this shattered heart
I've tried so hard but only You can save me Savior So would You carry me
'Cause I am at the end of myself and all I have is You
So would You carry me
'Cause all I need is You So would You carry me
'Cause I am at the end of myself and all I have is You
So would You carry me
'Cause only You can pull me through, pull me through
Only You can pull me through, pull me through
