

# We Will Meet Again

## Tyagaraja

It's hard to say goodbye, it hurts to be alone  
And all that is left is a memory  
To love and to keep as a part of me  
It's you, no one else but you  
Say what can I do I miss you so  
It's hard to let you go, it's hard to ease my pain  
But I'll do it all for you and I know you'll do the same  
And how hard it all may seem  
You're always in my dreams  
We we will meet again  
Far beyond the stormy weather  
Far beyond the cloudy skies  
We we will meet again  
When we do we will last forever  
When we do we will stay together you and me  
We were meant to be in perfect harmony  
And everyday that goes by is reminding me  
There're so many things that you left by me  
You see and every little thing has it's own story  
They're tellin' me an hour seems so long  
Help me to be strong  
You were the meaning of my life  
And I can't go on without I am shouting out my pain  
There must be a way  
We we will meet again  
Far beyond the stormy weather  
Far beyond the cloudy skies  
We we will meet again  
When we do we will last forever  
When we do we will stay together you and me  
As a friend, as a mother  
As a beautiful flower  
As a wife, as a lover  
You had me climbing up your tower  
As my guardian angel  
Under your protection  
As the light of my life  
You gave me so much affection  
I'm so lucky that once I got to know you

It was hard for me to say it  
But I totally adored you  
Is life fair I'll never stop believing  
Our time will come  
Because there must be a meaning  
We we will meet again  
Far beyond the stormy weather  
Far beyond the cloudy skies  
We we will meet again  
When we do we will last forever  
When we do we will stay together you and me  
We we will meet again  
Far beyond the stormy weather  
Far beyond the cloudy skies  
We we will meet again  
When we do we will last forever  
When we do we will stay together you and me
