

There's a Little Bit of Everything In Texas

Ernest Tubb

There's a little bit of everything in Texas just look around and you will see
There's a little bit of everything in Texas and a whole lot of Texas in me
 There are forty seven states around there
 And each of them have treasures of their own
 And everything they boast of I sure found it
 But we've got them all right here at home
Now if you love old sunny California or perhaps the hills of Tennessee
No matter what you love just come to Texas and I'll bet my boots you will agree
There's a little bit of everything in Texas and really I'm not bragging you see
There's a little bit of everything in Texas and a whole lot of Texas in me
 [fiddle]
Now if you love old sunny California...
