

Institution Walls

B-Movie

Random thoughts spinning in my head
Odd fragments that wont make any sense
I revolve in circles and no-one touches me
So I stand like a statue guarding my territory
But there's no escape from the institution walls
But there's no escape from the institution walls

Never the same for consecutive days
My body movements echo this limp malaise
I search for answers but no-one wants to play
Such strange sadness, here it comes again
And there's no escape from the institution walls
But there's no escape from the institution walls

But there's no escape from the institution walls
But there's no escape from the institution walls
Tick-tock
