

Savior Breath

Foo Fighters

[Verse 1]

Breathe, oh breathe, n smothered me
Clobber me, I'm haunting you
My oh my, now testify
Guilty by my clouds of you Where've you've been?
How far you've get
I got this sin reserved for you
I don't need your remedy
I wanna be right
Sick of you [Chorus]

Sweet as tortuous, at least we were alive
Cringe and burns me, now mark my words and
Save your breath x3
Cause it's mine
Save your breath x3
Cause it's mine [Verse 2]

Open wide, my crucify
I wanna ride my lungs on you
Nervously and jealousy
It's gonna be there to take you in
Bang bang bang
Ain't no time
Bang bang bang
Ain't no time [Chorus]

Sweet as tortuous, at least we were alive
Cringe and burns me, now mark my words and
Save your breath x3
Cause it's mine
Save your breath x3
Cause it's mine [Bridge]

Bang bang bang
Ain't no time
Bang bang bang
Ain't no time [Outro]
Sweet as tortuous
Now mark my words and
Save your breath x3
Cause it's mine
Save your breath x3

Cause it's mine
Save your breath x3
Cause it's mine
