The Fight

Jumbo Train

You can win the fight
You can do what's right
You can show the world
Who you are
Yes, you can win that fight
You can find the light
You can get it right
TonightWith the wind in your face
Your back against the wall
You can push the pace
You can still stand tall
You're not alone
We've got your back
With a hand on your shoulder
You'll get back on trackIf you fall in the hole
I know how low you can go
I know because I've been
...there before
I will throw you a rope
You'll catch a second wind
You can climb up that slope
...rise againWhen it ain't right
No it ain't right
It ain't right_____
Show them who you are
Just show them who you are
Show them who you are_____
