Happy

Natasha Bedingfield

Landlord's knocking at my door, cussing me out Got laid off my job the night before, can't figure how I'm gonna fix tomorrow when yesterday's still a mess?

Can you tell me what's the point man, it all seems meaningless? I wish that I could step away and breathe

This world's trying to swallow me

Clear away the clouds inside my headSomeone just tell me that it's okay now What are you worryin' about?Got my dreams, got my life, got my love

Got my friends, got the sunshine above

Why am I making this hard on myself

When there's so many beautiful reasons I have to be happy?People lie, people hide, people cry, people fight And they don't know why

If fear is all that we should fear then what are we so afraid of 'Cause fear is only in our headsSomeone please say that it's okay now What are you worryin' about?

What are you worryin' about?Got my dreams, got my life, got my love Got my friends, got the sunshine above

Why am I making this hard on myself

When there's so many beautiful reasons I have to be happy? Any day I'll go mad thinking bad
Everyone is against me and the world wants to fight me

Preparing to battle an enemy unseenDuring my stressing I'm blinded to the lesson

That could be a blessing if I'd be confessing that the enemy

I'm trying to beat is hiding in meBut it's okay now

What are you worryin' about? Got my dreams, got my life, got my love

Got my friends, got the sunshine above

Why am I making this hard on myself

When there's so many beautiful reasons I have to be happy? Keep your grind on girl

It's your life, it's your world

Keep your grind on girl

It's your life, it's your worldGot my dreams, got my life, got my love

Got my friends, got the sunshine above

Why am I making this hard on myself

When there's so many beautiful reasons I have to be happy?
