

Foreign Friend (feat. Dexta Daps)

M.I.A.

[Hook - Dexta Daps]

I'ma treat you like my best friend

Oh oh oh oh oh oh oh

I'ma treat you like my best friend

Oh oh oh oh oh oh oh

Yeah! [Verse 1 - M.I.A.]

There ain't nothing to it

With the friend I keep it cool with

Love it, we been through it

Sticking like glue, now chew it

Bad girls, hands up

Ride or die and we feel it

Pull me closer if you think you can hang

If you can't then screw it

[Pre-Chorus - M.I.A.]

Gonna be your best friend

Gonna make that shit trend

I'm gonna be your foreign friend

All the way to the end [Hook - Dexta Daps]

I'ma treat you like my best friend

Oh oh oh oh oh

I'ma need you like your best bless dem

I'ma treat you like my best friend

Oh oh oh oh

(Go best friend, go best friend)

I'ma squeeze you like my best friend [Verse 2 - M.I.A.]

You can be my best friend

You know too much to be a foe

You were there from before

In the days when I had no doe

Break bread, watch Breaking Bad

Always there when I breakup bad

In bed, feeling so sad

You were always there as a comrade

I know you think like me

Life ain't easy for the people like we

Say life's a box of chocolates

We say who packed it, do you feel me?

What you do's none of my business

But I want you to make me a witness
Wanna witness the greatness?
Cause we best friends through health and sickness[Pre-Chorus - M.I.A.]
Gonna be your best friend
Gonna make that shit trend
I'm gonna be your foreign friend
All the way to the end[Hook - Dexta Daps]
I'ma treat you like my best friend
Oh oh oh oh oh
I'ma treat you like my best friend
Oh oh oh oh oh[Bridge - M.I.A. and Dexta Daps]
(You can be my foreing friend yea yea
You can be my foreign friend)
I said as a refugee, you know
Where we come from, we get out our tent
Then we climb over the fence
We don't wanna cause an offence
Then we get a Benz, spread it in tv, and we pay rent
Then we think we made it
Then we be your foreign friend[Verse 3 - M.I.A.]
Best friend, can't condene
If you give her you are banned
Partner defend till the end
All people depend on a friend
There's nothing to it
With the friend I keep it cool with
Fuck it, we been through it
We sticking like glue, now chew it
Bad girls, hands up
Ride or die and we feel it
Pull me closer if you think you can hang
If you can't then screw it[Pre-Chorus - M.I.A.]
Gonna be your best friend
Gonna make that shit trend
I'm gonna be your foreign friend
All the way to the end[Hook - Dexta Daps and M.I.A.]
I'ma treat you like my best friend
Oh oh oh oh
I'ma need you like your best bless dem
