

# Underground

[Nina Nastasia](#)

I'm awake  
I know 'cause i'm afraid  
Of every little thing  
It makes me think of you You're so serene  
Underneath your wit  
You're watching me  
Tripping my saddle shoes Better shoot me down...  
To that bold, bold underground  
Save me  
Save me Quiet now  
It's time to say your prayer  
God is near  
They say he's watching you Better shoot me down...  
To that bold, bold underground  
Save me Better shoot me down...  
To that bold, bold underground  
Save me  
Save me I believe  
Shhh...  
I believe  
Shhh...  
I believe  
Shhh...  
I believe  
Shhh...  
Shhh...
