## Midget Parade

Wishing on planes that I thought were just stars
I stretched my hopes from near to far
I crashed my plane into mountains of sand
This boy will never be a manTake me
I want to forget my name
Break me
Let me be the one to serve youI'll tell the man that lives inside my head
I want to be like you instead
Keeping the promise that I made before
Just one more hit, I'll be your whore, I'll be your whoreTake me
I want to forget my name
Break me
Let me be the one to serve youAnd I'm chained in my cell
I grew here from my blue hillTake me
I want to forget my name
Break me
Let me be the one to serve youTake me
I want to forget my name
Break me
Let me be the one to serve you
