Love U Forever

Jenny Lewis

When I met you, you were just a boy
And you were tongue-tied and wearing corduroy
When you kissed me, I was so annoyed
'Cause I was already goneCall up your girlfriends, let's go out tonight
We're gonna drink ourselves some burgundy wine
Talk all about how we've saved the date
I can't believe I'm getting married in MayI could love you forever
I could love you forever
I could love you forever
I could love you until all the Polaroids fadeWe were kids then, in the Daisy Age
And we wore peace signs as the riots blazed
When we candy-flipped, we'd stay out too late
'Cause we were already goneCall up your girlfriends, let's go out tonight
I want to reminisce and get a little high
Talk all about how we've saved the date
I can't believe I'm getting married in MayI could love you forever
I could love you forever
I could love you forever
I could love you until all our hair turns grayNow we are living in Ladonia Estates
And we eat out every night and drink every day
But there are some things money cannot say
Like the feeling of hell in a hallwayI could love you forever
I could love you forever
I could love you forever
I could love you foreverI could love you forever
I could love you forever
I could love you forever
