"What's going on. Get the fuck up and give us a call on my mobile phone. I'm gonna have to phone you down the road. It's Jamo, how are you bro. we are just listening to your CD, give us a ring. You are a fuckiing genius. I love you man. Give us a ring. Get up. What the fuck. We are on a 4 11 13 day binge. Things haven't stopped man, things haven't stopped. I hope everything's fucking going great. There is no rear vision mirror. There is nothing, it is so well beamed but I just know its the Aussie 14 days. Anyway chill. Fucking take it easy and I love your fucking ass. Take it cool man, ring me dude, whatever you gotta do. Rock On"
