BROTHER AND SISTERHOODVerse:

Haven't I seen you somewhere before?Hanging out on the stage on or on the dance floorTrying to be a part of  
what you seeBrother and Sisterhood - One family!One Family, One Family!Chorus 1:  
Looking for some answersIn this life, for what I payIn you hearts and in your mindthey'll drive you  
insane!Verse:

Haven't I seen you somewhere before?Hanging out on the stage on or on the dancefloorTrying to be a part of  
what you seeBrother and Sisterhood - One family!One Family, One Family!Chorus 2:  
Go to a showLooking aroundI see many kidsWhat do you see?Just one truth: our reality!Bridge:  
Looking like a freak, you don't have to say a wordMan, everywhere you go, they're always looking downYou  
try to free your mind from societyYou'll never be the same if you quit their gameInside my soul, I'm not  
afraidYou'll never understand what's inside of me!ONE FAMILY!
