

No More Time

Illdisposed

More people to the people from beyond
What I used to say...
Won't leave the job half done We'll take another round
Never saw it coming
The boys are back in town Wake up
We're about to land
And we've tightened our act No more time for that mellow crap
About time you called in the boys We put our feet down - touch the ground
And we make it last
Don't want to fight this round You'll see another core
In which you'll trust
The boys are on the floor No more time for that mellow way
Regardless opinions
We guarantee we'll stay There is no other game
We want to play
The boys are all the same
