Loneliness

Tomcraft

Happiness and loneliness
Happiness and loneliness
Happiness and loneliness
Happiness and loneliness
Happiness and lonelinessHappiness seems to be loneliness
And loneliness cheers my world
How could you guess when you only
Thinking of yourself how you looked
To other girlsHappiness seems to be loneliness
And loneliness cheers my world
How could you guess when you only
Thinking of yourself how you looked
To other girlsHappiness seems to be loneliness
And loneliness cheers my world
How could you guess when you only
Thinking of yourself how you looked
To other girlsHappiness and loneliness
Happiness and lonelinessHappiness seems to be loneliness
And loneliness cheers my world
How could you guess when you only
Thinking of yourself how you looked
To other girlsHappiness seems to be loneliness
And loneliness should my word
How could you guess when you only
Thinking of yourself how you looked
To other girlsHappiness seems to be loneliness
And loneliness cheers my world
Happiness seems to be loneliness
And loneliness cheers my world
Happiness seems to be loneliness
And loneliness cheers my world
Happiness seems to be loneliness
And loneliness cheers my world
