

# Dawn of Sordid Decay (1989)

## Varathron

Silent black plague  
Chaotic lepocious death  
Beginning of the anal war  
Shub Niggurath ascends to Earth Dawn of sordid decay A future of viter submission  
All planets a frozen desert  
In legions of demonic wrath  
The decomposed warriors walk again The dark spheres collide  
The key to the gate is found  
In the shape of a vicious rodent  
Satanas reincarnates in phlegm
