Freeway View

James McMurtry

I got a room with a Freeway view
I'm only home at night
I ain't ever coming back to you
Or then again I mightThen again I might get lonely
Then again I might not know my mindI got a job on a survey crew
Pays enough for me
I ain't never coming back to you
Then again, then again we'll seeThis time it just might take
This time it might just make it realCan not keep my hands off you (rpt x 4)Can not keep my hands off you (rpt x 4)I got a room with a Freeway view
I'm only home at night
I ain't ever coming back to you
Better off aloneI would rather keep my frozen heart
I love you but I chosen darknessCan not keep my hands off you (rpt x 4)Can not keep my hands off you (rpt x 4)
