

As Sure as the Sun

Black Rebel Motorcycle Club

So now that everybody's gone
You see no change has come
In every song you've ever sung
You find the words were wrong But now the time is gonna come
And there's no feeling lost
For everyone who could've loved
And made me not to love And all the time
I thought your words were mine
You held me down
As sure as the sun
You held me down
As sure as the sun Now I could see into your eyes
But there's no compromise
For anyone you coulda saved
But never recognized
And now your worries gonna fall
But I won't help at all
For everyone who sees the place
Who knows they can't belong And all the time
I thought your words were mine
You held me down
As sure as the sun
You held me down
As sure as the sun You've taken away
Much more than you gave
What keeps me down
I'm lost in a rage
No one can explain
What keeps me down
What keeps you down So now that everybody's gone
You see no change has come
In every song you've ever sung
You find the words were wrong And every paper that you read
You feel your spirit grieve
For everyone who's gonna fall
The distance another leaves And all the time
I thought your words were mine
You held me down
As sure as the sun

You held me down
As sure as the sun You've taken away
Much more than you gave
What keeps me down
I'm lost in a rage
No one can explain
What keeps me down
What keeps you down
