

And Love Said No

Him

And loves light blue
Led me to you
Through all the emptiness that had become my home
Love's lies cruel
Introduced me to you
And that moment I knew I was out of hopeKill me
I begged and love said no
Leave me
For dead and let me go
Kill me
I cried and love said no
Kill me
I cried and love said noLove's icy tomb
Dug open for you
Lies in a cemetery that bares my name
Love's violent tune
From me to you
Rips your heart out and leaves you
Bleeding with a smile on your faceKill me
I begged and love said no
Leave me
For dead and let me go
Kill me
I cried and love said no
Kill me
I cried and love said noLoves light blue
Took me from you
And that moment I knew I was out of hope
AgainKill me
I begged and love said no
Leave me
For dead and let me go
Kill me
I cried and love said no
Kill me
I cried and love said noLove said no
And love said no
