

# Who Could Win a Rabbit

## Animal Collective

Hungry bread-and-butter hustle  
You've been doing it a while, it is only fair  
Where's your relaxation?  
Where's the time required for your health  
Been hating on my new perspective  
Been hurrying along, no meal is ever done  
You could win a rabbit  
You could have a rabbit or  
If the fast child is going to have a dead hand  
We can get him started, yeah  
Bad mind, let me put on good habits  
Been working to put on good habits  
Sometimes I can't find my good habits Spanish bands use all the echo  
Persian kitties better stay out of the train  
Glad you brought your food on  
Eat it like it's going to get away  
Your coffee sure is getting colder  
The seats are getting fewer  
Space is losing place  
You could win a rabbit  
You could blow an island through the rib  
Rabbit or a habit?  
Habit or a rib?  
Rabbit or a habit?  
Habit or a rib?  
Rabbit or a habit?  
Habit or a rib?
