Burn With Jesus

Immolation

Behind the walls of Christ
the hypocrites recite songs to glorify
their king who's died in vain
they betray the holy sonExtinguishing his light
Their greed and their desire
Have torn him from his crossThey took down upon us
As their God looks down upon them
And sees them for what they areDevoted to their saints and all their hails to Mary
Confessions show their weakness
Pathetic show of faith
They ease their guilt
Through the Rosary
Their false display of pit
Condemns the God they praise
