

Poor Man's Dream

Batdorf & Rodney

Seems my work is almost done
think I've nearly reached the sun
in my life I've been gone both ways
and in between

I know I chose the right road
in my ear the poor mans dream
Have no fears of growing old
have no need or use for gold
in my life I've been gone both ways
and in between

I know my day is coming
in my ear the poor mans dream
Ohh, I'm so grateful now
for all the love in my heart
Ohh, I'm so lucky now
for being given such a good start
Had a good time yeasterday
all my fears have gone away
in my life I've been gone both ways
and in between
today is a begining
in my ear the poor mans dream
