

# Know

## Josefus

I will never feed off  
The evergreen luster of your heart  
All because we all live  
In the valley of the walls  
When we speak  
We can peak from the windows  
Of their mouths to see the land  
The women chant as they fly up to the sun  
You never think you know, why  
Know, you never think you know, why  
Know, ever think you know, why  
Know, know, know  
Books all say different things  
While people flap their yellow wings  
Trying to soar by being a whore of life  
And almost everything  
The sheep that ran off from the herd  
May be dead but now's a bird  
Able to fly able to die

Able to break your cursed earth  
You never think you know, why  
Know, you never think you know, why  
Know, ever think you know why  
Know

On the other side, the other side, other side  
Do you ever try to fly, do you ever try to fly?  
Have you ever wanted to die  
You ever want to die?  
Don't ever try to fly, don't ever try to fly  
Don't ever try to fly  
Unless you leave your body on the other side  
Never try to die, you ever try to die.  
Know, you never think you know, why  
Know, you never think you know, why  
Know, you never think you know, why  
Know, ever think you know, why  
Know
