You Are

Gene Pitney

You are the one I love
You are, I know that you are
A piece of it's been growin'
And the way that we've been goin'
I can't prevent you knowin' that you are
You are, you are
The one that's in my horoscope
You are, you are
So right for my star
You are, you are
The baddest song I ever wrote
You are, you are
I know that's what you are
You, you are
The many things oh, that make me
I know that you are
It's not just the first impression
'Cause I've known to this position
So there's really no decision but you are
You are, you are
The one that's in my horoscope
You are, you are

So right for my star
You are, you are
The baddest song I ever wrote
You are, you are
I know that's what you are
You are the one I love
You are I know that you are
A piece of it's been growin'
All the time without me knowin'
And I can't believe you're goin' what you are
You are, you are
The one that's in my horoscope
You are, you are
You're so right for my star
You are, you are
The baddest song I ever wrote

You are, you are
I know that's what you are
Oh, you are, you are
The one that's in my horoscope
You are, you are
So right for my star
