Endlessly

Duffy

Endlessly, I'm counting down the days
When you will come my way
Endlessly, I fall asleep to dream
And you're here again it seems
Endlessly
I'm looking for you everywhere that I go
In all of the things I do
Still I'll keep looking
'Til I find you, 'til I find you

Endlessly, I turn to every door
And it's you I'm hoping for
So endlessly
I'm looking for you everywhere that I go
In all of the things I do
Still I'll keep looking
'Til I find you, 'til I find you
'Til I find you, 'til I find you
