

# My Sick Mind

## The Roches

Listen to the people talk  
Listen to the people talk  
She's such a good girl  
She's such a good girl No nobody knows  
Nobody knows  
Not even your best friend knows  
The bind you're in I checked myself in the mirror  
Before I came out tonight  
Changed clothes several times  
And now I feel as though I put on airs
