

The Space Between a Rock and a Hard Place

5 Seconds of Summer

[Verse 1: Luke]

Wasted, I play the same part
Where I'm chasing your sick little heart
'Til I'm jaded and lying on the floor
Faded, I'm wrapped in your arms
While you're waiting to tear me apart
Would a last kiss leave me wanting more?[Chorus: All]
You, you're catch 22
With all desires screwed
I'm trapped under your spell
It saves me, breaks me 'til I fall back to you
You're catch 22

You're catch 22[Verse 2: Calum]

Restless, I stay awake with the spaces
The thought of our hands interlacing, it's taking over me
Reckless, I'm at your front door and I'm helpless
I'm twisted back up in the madness, repeating history
Promise me, you'll never let me leave[Chorus: All]

You, you're catch 22
With all desires screwed
I'm trapped under your spell
It saves me, breaks me 'til I fall back to you
You're catch 22

You're catch 22[Bridge: Michael]

Damned if I do, damned if I don't
Let me go, I'm better off alone and here we go again[Chorus: All]

You, you're catch 22
With all desires screwed
I'm trapped under your spell
It saves me, breaks me 'til I fall back to you

You're catch 22

You're catch 22

With all desires screwed
I'm trapped under your spell
It saves me, breaks me 'til I fall back to you

You're catch 22

With all desires screwed
