

# Lonely Train

## Black Stone Cherry

Big train rollin' down the line, makes me lonely  
Sometimes I wish to ride away  
Sometimes I want to ride away yeahBig plane flyin' through the clouds, makes me worry  
Sometimes I wish to fly away  
Sometimes I want to fly awayBut you can't judge a book lookin' at the cover  
You can't love someone while messin' with another  
No you can't win a war fightin' with your brother  
You wanna have peace gotta love one anotherBig guns lighting up the sky, makes me worry  
Sometimes I wish to run away  
Sometimes I want to run awayBut you can't judge a book lookin' at the cover  
You can't love someone while messin' with another  
No you can't win a war fightin' with your brother  
You wanna have peace gotta love one anotherI have seen my brothers in ashes on the ground  
And maybe in a new life we can turn this thing aroundBut you can't judge a book lookin' at the cover  
You can't love someone while messin' with another  
No you can't win a war fightin' with your brother  
You wanna have peace gotta love one anotherNo you can't judge a book  
Gotta love one another  
Can't judge a book  
No you can't judge a book
