

# Break Your Heart

## Barenaked Ladies

The bravest thing I've ever done was to run away and hide  
But not this time, not this time  
And the weakest thing I've ever done was to stay right by your side  
Just like this time and every time I couldn't tell you, I was happy you were gone  
So I lied and said that 'I missed you', when we were apart  
I couldn't tell you, so I had to lead you on  
But I didn't mean to break your heart And if, if, if I always seem distracted like my mind's somewhere else  
That's because it's true, yes it's true  
It's this stupid pride that makes me feel like I have to follow through  
Even half-assedly, loving you Why must I always speak in terms of cowardice?  
When I guess I should've just come out and told you right from the start  
Why must I always tell you all I want is this?  
I guess 'cause I wouldn't want to break your heart And you said, "What'd you think that I was gonna do?  
Curl up and die just because of you? I'm not that weak, you know  
What'd you think that I was gonna do?  
Try to make you love me as much as I love you? How could you be so low?  
You arrogant man, what do you think that I am?  
My heart will be fine, just stop wasting my time" And now I'm over you, I'll be ok and I, I've got what I want  
And that's rid of you, goodbye  
And it's not 'cause I'll be missing you that makes me fall apart  
It's just that I didn't mean to break  
No, I didn't mean to break  
No, I didn't mean to break  
Your heart  
Your heart
